FEEDBACK

“Honestly, can’t rave enough about this company! We used them for 6 different guided days during our 2 weeks in Portugal and even our friends did too in Sintra. Since the time I reached out, I got super prompt responses with all my questions on emails and had a phone discussion too! I also emailed 4 different companies and no one was as fast as Sophia! I appreciated Sophia’s honesty and suggestions and was patience with my million questions. And then when we met her, she was the sweetest kindest person with my entire multi generational traveling family of 14! My 7 year old still misses Sophia! Don’t think twice, book this company for tours and even airport transfers. All amazing and friendly team, Sophia, João, Nelson and Tiago in Porto! I will recommend them to anyone traveling around Portugal”

“Sofia and her group of guides provided my family and I superior first class treatment during our time in Portugal. Sofia organized about 8 days worth of activities and private tours for my family. The guides went above and beyond to make sure my family had a fantastic experience. I have a 4 year old and 2 year old. Everyone was so patient and understanding. Our trip occurred seamlessly and without any difficulties. Sofia is easy to get in touch with and allowed us to customize our trip day to day. I would utilize their services again without hesitation.”

“I knew before finalizing this booking that it would be wonderful. From the moment I reached out with questions and was met with kindness and understanding. The day of the tour Patrik waisted no time in making us feel welcome. Even though there were other guided tours talking place at some of the locations, none could compete with the friendliness and understating of Patrik. He truly is one of a kind. When two of our children felt ill, Patrik did everything in his powers to make it the most enjoyable experience for us all. The communication from Sopia was also really wonderful. I can’t wait to return to Portugal some day, and if/when we do, I’ll be sure to take another tour with Patrik as our guide and friend. Thank you both so much from the bottom of my heart”
